DID YOU REALIZE?

A Strong Community Depends On You!

Did You Realize your support makes all the difference. Our schools, churches, and businesses develop only as strongly as your support allows.

Did You Realize for every $1 spent, 4 additional dollars are generated in the local economy. This snowball effect is a plus when you shop at home. It has a negative effect when you take money to other localities.

Did You Realize that the quality of the youth who choose to remain in the area depends on a strong local economy. Your children and grandchildren can stay close to you only if good jobs are provided for their future.

Yes We Realize as members of the Appomattox Chamber of Commerce that all your needs can not be met locally. We only ask that you check locally first; not last. Your attitudes will determine the future of our area. Look for the good here — There's Plenty! Support old businesses; encourage new, enterprises; and above all . . .
